

# CPD Programme & Panel Discussion Schedule

## 2023/24

We provide bite-sized online professional development events each month for school leaders and teachers. Some of these events are free to those working in schools, but others are only available as part of our membership or payment before joining.

As a member, you will have access to all recordings on your member dashboard, plus follow-up reflection materials.

### What can be expected from these sessions?

- You'll get practical ideas and strategies to use right away.
- Handy resources to add to your staff training programme and staff meetings.
- A taste of what Veema provides and the range of personalised training and support we offer schools.
- A chance to learn and connect with subject specialists, school leaders, and teachers all around the world.
- A CPD-certified certificate is awarded when you attend a non-free event.

**Please note** that we sometimes update these sessions throughout the academic year. For this reason, this document may change. For the most up-to-date information about all our CPD events, please keep an eye out for the content we host on our website and on all our social media accounts.
