

# Online CPD Sessions

## Online Schedule 2024/25

We provide monthly bite-sized online professional development events for school leaders and teachers. Some of these events are free to those working in schools, but others are only available as part of our membership or payment before joining.

As a member, you will have access to all recordings on your member dashboard, a follow-up reflection handout and 10 minutes of prerecorded materials alongside an invitation to member-only events.

**Free webinar sessions run for 30 minutes, while members enjoy 40-minute sessions. Additionally, this document includes a list of our member events. More information about each online event will be found on our website over the academic year, starting in August 2024.**

### What can be expected from these sessions:

- You'll get practical ideas and strategies to use immediately.
- Handy resources to add to your staff training programme and staff meetings.
- A taste of what Veema provides and the range of personalised training and support we offer schools.
- A chance to learn and connect with subject specialists, school leaders, and teachers worldwide.
- A CPD-certified certificate is awarded when you attend a non-free event.

**Please note** that we will update our online sessions throughout the academic year so that this document may change. For the most up-to-date information about all our CPD events, please watch the content we host on our website and all our social media accounts. This is a live document that is frequently updated.

For any further information you feel you need, email us at [cpd@veema.co.uk](mailto:cpd@veema.co.uk).
